PRICE LIST

1954

At this time, March, gardeners are wondering how their perennials survived the winter. We hope that all of your plants enjoyed their rest and are ready for another year of growth; also that you are all eager to add to your plantings. To this effect we have arranged this price list of three popular perennials: bearded iris, daylilies, and chrysanthemums. Daylily shipments are in the spring and after blooming until frost; bearded iris are ready after blooming. Chrysanthemums will be delivered from mid May.

We welcome visitors. Come in early June to see iris; the daylilies will be in bloom during July and August with the peak the third week in July; the chrysanthemums begin to flower in late September and continue through October. Our more than one hundred varieties of begonias may be seen at any time.

Terms are cash with order, check, draft, or money order. Postage is paid on orders over \$5; on smaller orders add 35¢ for packing and postage.

C H R Y S A N T H E M U M S

The following varieties, comprising the entire color range, type, and form of hardy chrysanthemums, with old and new favorites, are all offered at 50¢ with a few exceptions as noted.

ABBREVIATIONS

P	Pompom	SD	Semidouble	E	Early	L	Late	En	English
S	Single	D	Double	M	Midseason			C	Canadian

WHITE

AVALANCHE E.D. 5-inch shaggy bloom. 2'. Good standard variety.
